

Daily Devotion For April 19, 2021

“For we walk by faith and not by sight.” 2 Corinthians 5:7

As we began our zoom worship service yesterday, it was sunny and clear in Monterey but Bob McIntyre said that it was foggy in Pacific Grove. The question I have is, have you had to drive in a fog? Everyone who lives on the peninsula knows what that is like. When you drive in the fog you have to take things slowly and take extra caution in order to reach your destination safely.

Faith is a lot like driving in a fog. It's dangerous at times. It requires us to slow down and pay attention to everything. We don't always see what's right in front of us. Like driving in the fog, God wants us to slow down and allow him to reveal to us little by little the way to go.

That is one of the most difficult parts of living in the fog. We have our own ideas of when we want to get where He has us going and we try to get there as quickly as possible.

Thought For Today: We may not like the fog compared to the sunny and clear days. When we drive through the fog we need to remember that the fog in our lives are all part of God's plan for us. Fog builds faith as we slow down and trust him to guide us.

Today's Prayer Focus: Pray that the Lord would slow you down and trust Him when you can't see the what lies ahead of you. Let the fog in your life build faith. Take a look at the updated prayer fuel and select a few prayer points. Deo Volente.
