

## Daily Devotion For March 10, 2021

Jesus answered her, "If you knew the gift of God and who it is that asks you for a drink, you would have asked him and he would have given you living water." John 4:10 NIV

On Monday, I started my spring planting. For the past 5 years I have planted zucchini, tomatoes, string beans, lettuce, and cilantro. This year, I hope to have a nice harvest of zucchini, cabbage, and tomatoes.

I was very happy that it was raining last night so that I didn't have to water the freshly planted vegetables this morning. If there is one thing that I've learned the past few years is that if you don't water the plants, they'll die.

Much like the vegetables in my garden need to be watered continually, each of us need water every moment of our lives. We need to draw from God's Living Water—His life. Only as we continually draw from Christ His life and strength will we be able to grow strong amid the scorching heat and searing winds of life.

**Thought For Today:** Are you drawing from Christ, your Living Water, today? Or are you trying to live on your own? God's life and strength awaits you. Let Him water your soul over and over again each day.

**Today's Prayer Focus:** Pray that the vaccine rollout will go smoothly and that people around the globe will be able to get their vaccines in a quick and efficient timeline. Continue to pray this week's prayer fuel. Deo Volente.
