

Mark & Brenda Hall

Guadalajara, Mexico

December 2021

Through it all, God has been faithful and always present in our lives. The future is bright because He is good and merciful. Let me tell you why we are thankful.

Fellowship church has never had to cancel a meeting. We went outdoors, then we returned indoors. Now, after Sunday worship we go out to a garden, take off our masks, and share food and laughter together. Visitors were very few for a long time, but now we are enjoying time with 4 believers who came here from India. They are learning to love Mexico. Some are trying to bring their families over as well.

Mexico is seeing some of its lowest numbers since early in 2020. Our kids felt a bit awkward at school after 20 months away but now they are fully back into the swing of things and enjoying it. Gaby is very active, making the most of her senior year. Kelsey is the youngest student at junior high but no one would know it – he grew 7 inches while away! In more than one way, he keeps us all on our toes.

Brenda has been busy taking care of us and spending time on video calls with her two nieces in Guatemala City who recently lost their mom to the virus. Despite the distance, they cook together, tell stories and memories, and find hope and strength. I keep busy with church stuff and writing Bible studies: classes from *John* for Fellowship and from *Galatians* for the Koinonia group in Guatemala.

For the health of our little church, Brenda and I are praying specifically for...

- ✓ Young people!
- ✓ A spiritual renewal in the hearts of the existing membership at church (they saw several pastors come and go).
- ✓ Some new people who desire to glorify God through music.

Thank you for your heart for God's work in Latin America.
