

## Daily Devotion For February 7, 2023

"God is love" I John 4:8

Yesterday was the final round of the AT&T golf tournament at Pebble Beach. I was happy to see that Justin Rose won the tournament as on Friday I had the chance to watch him play and even had a brief conversation with him. After his victory, he mentioned that it was a beautiful sunny day and the view of the coast was spectacular. Just said that "gazing out at the ocean and watching the waves crash upon the coast was an awesome sight."

Pebble Beach is known as one of the most spectacular golf courses in the world. For those of us who live on the Monterey Peninsula perhaps we can grow too accustomed of the opportunity to gaze out and see the ocean. The next time you see the ocean, imagine that God's Love is like the ocean. It is a consuming force that cannot be controlled by any human. It is powerful and complete. Like waves splashing to the shore, God's love is active and alive.

**Thought For Today:** God's love is like the ocean. Are you drowning in the presence of God and His love? Where do you see God's love at work? Have you received the gift of God's love through His son Jesus Christ?

**Today's Prayer Focus:** Praise God for his power and might and for the beauty of His creation. Continued prayer for Kiku Kuwatani recovery after her hernia repair surgery. Deo Volente.
