

Daily Devotion For July 19, 2022

"Then sings my soul, my Savior God to thee, how great Thou art, How great Thou Art."

Have you had the opportunity to see the photo's from the James Webb Space Telescope that came out last week? If not, take a moment to go online and view these spectacular photos of the universe.

When I view those photos and try to comprehend just how massive our universe is, I agree with what King David wrote in Psalm 19:1, "The heavens declare the glory of God." Our God spoke trillions of stars into existence and even beyond what scientist tell us now, there are still trillions of stars yet to be discovered.

In that great hymn of the Christian Faith, the author wrote, "O Lord my God, when I in awesome wonder, consider all the worlds Thy hands have made. I see the stars, I hear the rolling thunder, Thy power thought the universe displayed. Then sings my soul, my Savior God to Thee, how great Thou Art, how great Thou art!

Thought For Today: Take time to enjoy the beauty that God has created for you to enjoy. Can you echo the thoughts of the hymn writer who proclaimed, "How great Thou art, How great Thou art!"

Today's Prayer Focus: Take time to praise God for his great power and might. That out of nothing, God spoke and all creation came into existence. Deo Volente.
