

Daily Devotion For March 4, 2023

And Jesus went about all the cities and the villages, teaching in their synagogues, and preaching the gospel of the kingdom, and healing all manner of disease and all manner of sickness. --Matt. 9:35

Do you know anyone who is sick and in need of God's healing touch? As I write this I have been thinking about Bob McIntyre who had surgery yesterday. Kiku Kuwatani came home this week after discovering that there was a covid outbreak at the facility she was in. Setsuko Yamanishi just had a tumor removed from her breast, Mike Kelly has a tumor on his lungs, Akimi Irino fell last week and was in the hospital, Tom Gunter has continuing health issues and my daughter Sherry lives with constant nerve pain.

Since last August I have struggled with my own health issues and I know many people outside of El Estero that are going through various health concerns. It seems like the list just goes on and on.

Thought For Today: Matthew 9:35 tells us that Jesus went throughout Galilee healing every kind of sickness and disease. Jesus is our great Physician. If you need a physician who knows your pain, understands how you are feeling, and has the cure, make an appointment to spend time with God today.

Today's Prayer Focus: Praise God that Jesus is our Great Physician. Take time to pray for those who are in need of God's healing touch and that they would know the healing touch of Jesus physically, emotionally, and spiritually. Deo Volente.
